SARAZEN, ARMOUR AT CRUCIAL POINT OF PRO GOLF TOURNEY

Former Meets Horton Smith, Later Denny Shute in Third Round.

By The Associated Press
PROVIDENCE, R. I., Sept. 11.—The favorites in the Professional Golfers' association championship play, Tommy Armour, defending title, and Gene Sarazen, today were at the crucial stage.

Armour was matched against Denny Shute of Hudson, O., for the third round. Sarazen drew Horton Smith, who has high hopes of regaining prestige.

Yesterday Armour beat Walter Murray of Valparaiso, Ind., 4 and 3; Sarazen beat Paul Runyan of White Plains, N. Y., 7 and 5; Shute beat Jim Foulis of Chicago, 2 and 1; Smith beat Willie MacFarlane 6 and 4.

The other quarter finalists were Cyril Walker, Open champion in 1924, and Tom Creery of Albany, N. Y. Walker eliminated Johnny Golden of Noroton, Conn., 6 and 4 yesterday and Creery defeated Peter O'Hara of Verona, Pa., two up.

The matches are at 36 holes on the Wannamoisett course.

Irish Team Beaten 3-1 in Last Game of Little World Series

Four Errors Cost St. Mary's Possible Chance to Capture Coveted Title.

By The Associated Press
SPRINGFIELD, Ill., Sept. 11.—Using two of their four hits to drive in a pair of runs and taking advantage of an Irish error for a third tally, the First Presbyterian Sunday school team yesterday at Lincoln park, the victory gave the Presbyterians the city championship of recreation baseball. The game yesterday marked the end of the longest Little World series here since 1927 when Calvary Sunday school won the city title. Nine games were played in 1927 and the same number this year. The C. D. & M. Electric company and Kappa fraternity were originally in the Little World series with the Presbyterians and Irish but were eliminated in earlier games.

The game yesterday was a battle from start to finish. Gene Gunder and Don Shoemaker opposed each other on the mound and both turned in a neat job of twirling. Gunder was nicked for only four bingles while Shoemaker gave up seven safeties. The difference in fielding marked the difference in the teams. Shoemaker was given six tight backing while Gunder was the victim of four misplays.

Manager Bill Fabian of the Irish, shifted his lineup considerably for the last game in an effort to discover additional batting power. Sheebs took Andrew's place behind the bat for the only replacement but the batting order was juggled from start to finish. The result produced seven hits but the Irish could turn the bingles into only one score.

The Irish scored first when Paulus dropped a single to short, scoring Norris in the fourth inning. The Presbyterians promptly tied it up in the next inning when Pohlner grounded out, an error by Paulus at third. Zahn scored the winning run in the fifth frame when Oberlander's hit careened off the second base bag into right field. Pohlner, Presbyterian shortstop, drew a chorus of boos from the crowd in the last of the sixth when he intentionally crashed into Irvin at first base, forcing an error and paving the way for the third Presbyterian run of the game. Pohlner scored a moment later on Zahn's fly to center field.

The play-by-play account of the game will be found elsewhere on this page.

CARDS CINCH FLAG IN NATIONAL LOOP

Cincinnati Reds Assure Red Birds Pennant by Stopping New York Giants.

By GAYLE TALBOT
Associated Press Sports Writer
The St. Louis Cardinals were in possession of their second straight National league pennant today, having clinched the flag yesterday without firing a shot. Their only remaining goal before they tackle the Philadelphia Athletics in the world series Oct. 1, is to be the first National league club since 1913 to win more than 100 games.

They have bright prospects of belatedly making the mark of 100 victories by the New York Giants eighth year ago. Yesterday's 6 to 3 triumph over Philadelphia was No. 99, and they have now more games in play before the curtain falls. They are likely to go on winning their share, as Manager Gabby Street announced last night he intended to use his best pitchers in their regular turn right up to the last day.

Thanks to the Cincinnati Reds, who, it appears, had a mission after all, the Cards did not even have to win yesterday to sew up their fourth title in six years. The Reds attended to that nicely when they trounced the New York Giants, 7 to 3, in the first game of a doubleheader. Their 4 to 3 victory in the nightcap merely added insult to injury.

Today in Marion Markets
Groceries, Produce, Meat, Grain, Livestock

Peaches were not so plentiful on the markets today although the prices continue below the 75-cent mark. Several dealers were offering good quality fruit at from 65 to 70 cents. Home grown peaches are supplying practically the entire demand with an increase in the supply of northern Ohio fruit, however.

Other fruit prices showed but little change from yesterday. Plums are holding at from 50 cents to 55 a bushel. Grapes were selling today at from two to four cents a pound. Both muskatoons and watermelons continue plentiful, the former were selling as low as five cents and the latter at from 20 to 25 cents.

Some sweetcorn was on the market and was selling at 12 and 15 cents a dozen. A general price of 75 cents a bushel was being asked for tomatoes. Sweet potatoes were more plentiful and were slightly cheaper with dealers offering seven pounds for 25 cents. Pickles for canning were selling at from 25 to 30 cents a hundred, the supply continues only fairly large.

GRAN PRICES SLIP LOWER

Weakness of Argentine Exchange Affects Sales on Chicago Pit

By The Associated Press
CHICAGO, Sept. 17—Grains averaged lower early today, bears putting stress on stock market setbacks and on weakness of Argentine exchange. There were also reports that cold weather in Argentina was checking locust damage to crops. Opening 1-4/8-4 cents off to 1-4 up, wheat afterward held near the initial range. Corn started at 1-4 decline to a shade advance and later sagged all around.

Reports that rains in Canada were delaying harvest operations where the wheat crop was the heaviest tended to rally wheat prices from early declines. There were also reports of freezing temperatures in parts of Canadian wheat territory. Buying upturns, however, lacked volume, and prices were taken of fresh low record prices for cotton.

Talk of probable enlarged deliveries on September corn contracts had a bearish influence regarding corn. First deliveries today totaled 40,000 bushels, an amount greater than has been the rule, bookings of corn to arrive here were also increased. New receipts in Chicago totaled 58 cars, a little more than at this time last year, but still far below the number a year ago, 130 cars. Oats sympathized with corn price declines. Provisions reflected lower quotations on hogs.

MAN FOUND DEAD; RELATIVES SOUGHT

David Marston, 60, Found in
Bed at Home Near
Caledonia.

Reported to The Star
CALEDONIA, Sept. 17.—The radio
will be used in an effort to find
relatives of David Marston, about
60, who was discovered dead in
bed yesterday at 8:30 p. m. in a
farm house about one-half mile
west of here by Fred Beck of Caledonia.
It is thought Marston died
Tuesday night.
Beck, owner of the farm where
Marston had lived for about three
years, could not find him when he
arrived there last night and, upon
investigation, it was learned that
he had not been seen since late
Tuesday when he walked home
from Caledonia with a neighbor,
Howard Huffline. The body was
found on the bed clad in overalls.
The light in the room was burning.
The body was taken to the
Tuscarora funeral home at Caledonia.
Marston came to Caledonia about
15 years ago from Gallipolis and
had been employed as a teamster
and laborer here and at LaRue.

1930 AUTO PRICES SHOW DECREASE

Average Placed at \$53.39 Un-
der Figure for Preceding
Year.

By International News Service
WASHINGTON.—The average
American motorist paid \$53.39 less
for his automobile in 1930 than dur-
ing the preceding year, according
to figures announced by the Amer-
ican Motorists' association, based
upon wholesale factory values of
automobiles produced last year.

The average passenger auto-
mobile cost \$568.36 wholesale f.o.b.
factory in 1930, while in the year
1929 the figure was \$621.73. The
1930 price was \$103.06 less than
the 1928 wholesale price of \$671.42
and \$108.49 less than the 1927 whole-
sale price of \$780.85 for the average
passenger car.

The total passenger car produc-
tion in the United States last year
was 2,894,745 vehicles valued at \$1-
\$40,294,523 wholesale, thus making
the average price per vehicle \$568.36.
This shows the effects of the year
1930 upon purchasers of automo-
biles when compared with the fig-
ures of 4,587,699 vehicles produced
in 1929 evaluated at \$2,852,356,618
wholesale.

"The continued preference of
the motorist for closed automobiles
is reflected in the production fig-
ures of 1930," J. Borton Weeks,
president of the A. M. A. points
out. "The figures show that 90.3
per cent of American made auto-
mobiles in 1930 comprised closed
cars."

The March to popularity of the
closed car for American motorists
is shown by the figures for the
period 1919-1930. In 1919 the per-
centage of closed cars was 30.3; in
1930, 90.3.

PUPILS MUST OBEY BOY TRAFFIC PATROL

Chief Marks Issues Warning
After Reports of Vi-
olations.

Reports of failure on the part
of pupils at the Central Junior
High school to obey instructions
of students doing traffic duty near
the school, prompted Police Chief
W. E. Marks to issue a warning
today.

"The boys are stationed at the
various points for the purpose of
protecting students and it is just
as much the duty of students to
obey their instructions as it is for
the motorist," the chief declared.
"And if they persist in ignoring
the instructions of the boys on
duty, we shall deal with them the
same as the motorist who refuses
to stop when signaled by the traf-
fic boy."

A boys' patrol organized at the
school last year, provides students
who do traffic duty at each street
intersection near the building
when school is dismissed.

Are you interested in Our Community?

We know the answer. Of course you are! So are
we! What's more, we are interested in you. And it
must follow that you are interested in us.

You are interested in our community because you
live here, you work here, you have your investments
here, you pay taxes here, you are raising a family here,
and—well, you like the place.

So do we!

We live here! We work here! We have our in-
vestments here! We pay taxes here! We are raising
a family (of employees) here! And—well, we like
the place.

Quite a community of interest.

We are interested in you because it is all the "you's"
who have made the community grow. We have grown
with the community. We can't grow if it doesn't.

PLAN MORE TROOPS IN HARDING DISTRICT

Scout Executives Here To Build Up Activities for 1932.

M. W. Haus of Akron, deputy regional scout executive of the fourth region, which includes the Harding area, has established temporary headquarters for the next two or three weeks in the office of Arthur A. Brooks, local scout executive, for the purpose of establishing scout organizations in surrounding communities.

Outlining a scout program for 1932, Haus said that with proper organization in Upper Sandusky, N.Y., Brownsville, N.Y., Mt. Pleasant, N.Y., and other towns, the present scout total of Harding area, which is now 440, could be increased to 750. There are now 27 troops in the area and it is hoped to bring this to more than 50 troops in the next year.

Haus's plan, with the assistance of Brooks, is to establish district committees in the various centers enabling them to take active participation in the activities of the Harding area council.

Within the next week or two, the scout leaders will meet with the scoutmasters in the nearby towns to further these plans.

Have you what is commonly called that Tired Feeling?

"Mother, I do wish you were well and strong"

"I just can't go on"—how often you hear this.

So often the reason is simple—the good body of our has "run-down" under the strain of our way of living ... present of weak and weary.

These important precious red blood cells that mean so much to vitality be come lowered in count ... the hemoglobin percentage begins to fall and we wonder "what is the matter."

If this is your trouble, why not take steps to average it—remembering that a "tired feeling" may be a warn- ing ... as we get pinches, boils and pains. A gen- eral run-down condition means a lack of normal resistance to infection and disease.

Sometimes it is a lapsing appetite that leads to underweight and ill health. You cannot be too in strength and be happy—let's be happy.

For generations S.S.S. as a tonic has been helping people gain New Strength, better health and happiness. Its successful record of over 100 years in restoring strength and vitality to the blood surely warrants your giving it a good trial.

You should know that S.S.S. has the distinct advantage of being com- posed of pure vegetable medicinal in- gredients in concentrated form ... it is Mother Nature's formula.

Why not start taking S.S.S. today!—the larger size represents a per- sistent saving.

... (Right) Wash ... only 40 per cent of normal strength. Such a condition is often revers- ible for body weakness, nervous, saline consti- pation, indigestion, loss of sleep, pinches and boils.

The folks on the road have the platform

... so we take pleasure in introducing —

A YOUNG LADY OF BARBERTON, WHO IS "ABSOLUTELY IGNORANT OF THE WORKINGS OF A CAR"

"Just a stenographer with her first car, which is comparable only to a Mother with her first baby."

"Instructed to use Sohio Extra-Ethyl when I purchased my car, I proceeded to buy it twice. The third time it seemed a little inconvenient to drive two blocks for Sohio Ethyl, so bought some ordinary gasoline. My 'baby' immediately suffered a severe attack of colic, or something, and protested in the only possible way by a noticeable lack of pep and a tendency to stop in the middle of busy Fourth of July traf- fic. Needless to say, the next feeding was Sohio Ethyl best-tempered gasoline, and really the change was startling."

"Absolutely ignorant of the needs and working of a car, yet the difference in the performance of a new car on the two different gasolines was pronounced enough to convert another steady customer to Sohio Extra-Ethyl best-tempered gasoline."

A GENEVA MOTHER WHO MADE IT A REAL PICNIC

"Gosh but it was hot last Wednesday and I poked home all wet for an evening of shoe-and-shirt-off reading on the front porch."

"The kids met me at the walk shouting 'Mom's got the car and lemonade all packed and we are going on a picnic.' I did not want to spoil the boys' fun but I knew that a ride in that heat would be no picnic for me."

"Did not notice how the bus ran going over but after we got up Grand River hill, Bill, that's the oldest boy, said: 'She took the whole caboodle of us up on high and didn't sound like someone' was trying to get out from under the hood."

"With the windows down we called for home at a rate that looked like the Ford was good for another twenty-eight thousand miles and we thought about getting a sign on the door, like the moving picture shows do, '20 degrees cooler inside.'"

"And we arrived home cooler and happier all because Mom made me fill up with Sohio Extra-Ethyl at 'Jimmy' Packin' station before we started."

A DOCTOR IN ELYRIA WHO WON HIS RACE WITH DEATH

"Eleven o'clock with the usual Saturday night traffic leaving Elyria. The phone; long distance calling, and a faint, worried voice cried, 'Oh, doctor, please hurry. My boy has another violent heart attack. I believe this is his last.' Eighteen miles away! A few minutes means life or death. I was confident that I could do my part, but could my car? One push on the starter button (a chilly, damp night, too) and the motor an- swered the challenge. A rough macadam road abused by hard pounding of heavy trucks, a hard one on which to hold a leaping, speeding car. A cold motor, but God bless the man that took the spitting out of gasoline. The smooth power- delivery, like water cushions behind the powerful piston thrust, eliminating the mechanical jouncing action usually experienced. My god, a race with death, a few minutes of 'specie cars' played the trick. 'Doctor,' said the grateful attendant, 'do you realize you were only 17 minutes answering my call?'"

"Sohio Extra-Ethyl, a life saver and a mile saver has increased my mileage from 12% to 14.6 miles per gallon over a 900 mile average."

And thousands of other folks say:

"Sohio is better than old-style gasoline in these definite ways:"

Owners of all makes of cars report an average increase in mileage with Sohio best-tempered gasoline of 3.3 miles per gallon.

47% of all the folks-on-the-road who wrote in to Sohio (regardless of the makes of their cars) preferred Sohio best-tempered gasoline because they give "more power".

42% made special mention of Sohio's "smoother, faster pick-up".

24% had noticed that Sohio made their "engine run cooler".

42% were loud in their praise of Sohio "smooth running".

20% pointed out that Sohio gave "the best mileage per gallon".

32% gave Sohio best-tempered gasoline the "smoothest, most reliable" "smooth performance".

May we suggest? The best way to check these facts is to drive your motor with Sohio Extra-Ethyl and that a handful of Sohio best-tempered gasoline will show you exactly what you are getting.
